INTRODUCTION

We 2S SEALS SERVICE is supplier and service providers of Hydraulic Products. Our reliable, durable and always in demand products include seals for Hydraulic Cylinder Pneumatic Cylinder, Hydraulic Jack, Hydraulic tools.

WE PROVIDING:

COMPLETE SEALING SOLUTIONS :

We do manufacture and supply the standard and non-standards Seals to our Valued customers as per requirement. We are more effective to providing solutions for various applications.

Stocks of standard & imported sealing for OPM & OEM. 2S SEAL SERVICES provides you excellent quality Experience and quick service. In addition we supply below special type of seals & material etc.

MATERIAL OVERVIEW :

Sr.No.	Material Name	Temperature Range	Hardness
1.	HPU	-20+110℃	95 SHORE A
2.	NBR	-30+100℃	70 SHORE A
3.	VITON	-20+205℃	95 SHORE A
4.	PTFE	-200+260℃	57 SHORE D
5.	POM	-50+100℃	80 SHORE D

HYDRAULIC CYLINDERS AND TOOLS :

We do design, manufacture and repair of custom-built hydraulic cylinders to meet your specific requirements to suit specific application of based on the size and pressure rating to various industries and operational needs.

HYDRAULIC TOOLS :

- **Hydraulic jack**
- **Manual operated hand pump**
- **Electrical operated power pack**
- **Air operated power pack**
- **Stud bold tensioner**

Customized tools based on application of customer requirement to match specific demand of application with variable Range to suite different operational needs.
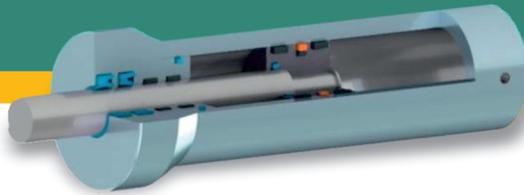

Trading activities :

- Hydraulic and pneumatic valve • Hydraulic fittings • Hoses • Pressure gauge • Ball valve • MS & SS PIPE
- Flanges • Filter element • Bladder • Bladder accumulator • N2 charging kit • Quick change coupler
- Adaptors • Coupling • Vane pump • Gear Pump • Variable displacement pump • Manifold block
- Power pack accessories • Hydraulic jack • Hydraulic jack accessories • Hydraulic press.

We 2S SEALS SERVICE is providing customizations on our other products as per your requirements.

DEALS IN :

HYDAC   YUKEN   Rexroth Bosch Group   EATON   Parker   HYLOC   polyhydron   DOWTY

Danfoss   VELJAN   STAUFF   SMC   ROTEX Engineering For The Future   NORGREN   WIKA
